School Bonds

Over 1400 On Record For 'Yes'

Under the direction of Robert E. Smice, general chairman, Jefferson Elementary School District and Jefferson Union High School District Bond Committee, approximately 1400 residents of the two school districts have worked diligently during the past few months to inform some 33,000 registered voters of the importance of the elementary and high school districts' February 7 bond election.

To assist Smice and to coordinate the work of many committees, a Citizens Bond Committee Executive Board was formed on November 16.

Inasmuch as the high school district is composed of four elementary school districts — Bayshore, Brisbane, Jefferson and Laguna Salada—a number of vice chairmen and committee chairmen were selected.

These include: Wayne Liebert, chairman of the Bayshore Elementary School District Bond Committee; Allen B. Rigger, chairman of the Brisbane Elementary School District Bond Committee; Mort Levinson, Laguna Salada Union Elementary School District Bond Committee chairman; and Mrs. Elizabeth Brawley and Mrs. Frank Zanini, co-chairmen of the Jefferson Elementary School District Bond Committee.

Harry T. Bosbery is chairman of finance. He is assisted by Marvan N. Nathan, Richard Schroeder (Brisbane), Peter J. Markovich and Mrs. Helen Morton.

Markovich leads the Endorsement Committee, and is assisted by Curtin J. Kirby (Bayshore), John E. Turner (Brisbane), Mrs. Elsie Gibson (Pacific), and Mrs. Elsie Garrison (Jefferson Elementary).

In charge of publicity is Larry McDonnell, assisted by Richard Schroeder (Brisbane), and Melvin Hansen and Bill Drake (Pacific).

General transportation and telephone committee chairman is Mrs. Vincent Murphy, assisted by Mrs. Ruby Gylfe (Brisbane), Mrs. Fred Pakjos and Mrs. Peter Ruggeri (Bayshore), Mrs. Elsie Garrison and Mrs. Pat Kennison (Pacific), and Mrs. Gert Greene (Jefferson Elementary).

Lloyd Crisp is chairman of the Committee's Speakers' Bureau, assisted by school district trustees and the administrative staffs.

Mrs. Jack White of Daly City was selected to coordinate the largest committee of the bond drive, namely the block campaign. Approximately 600 men and women are working under

Firemen Lose Effort To Save W'lake Infant

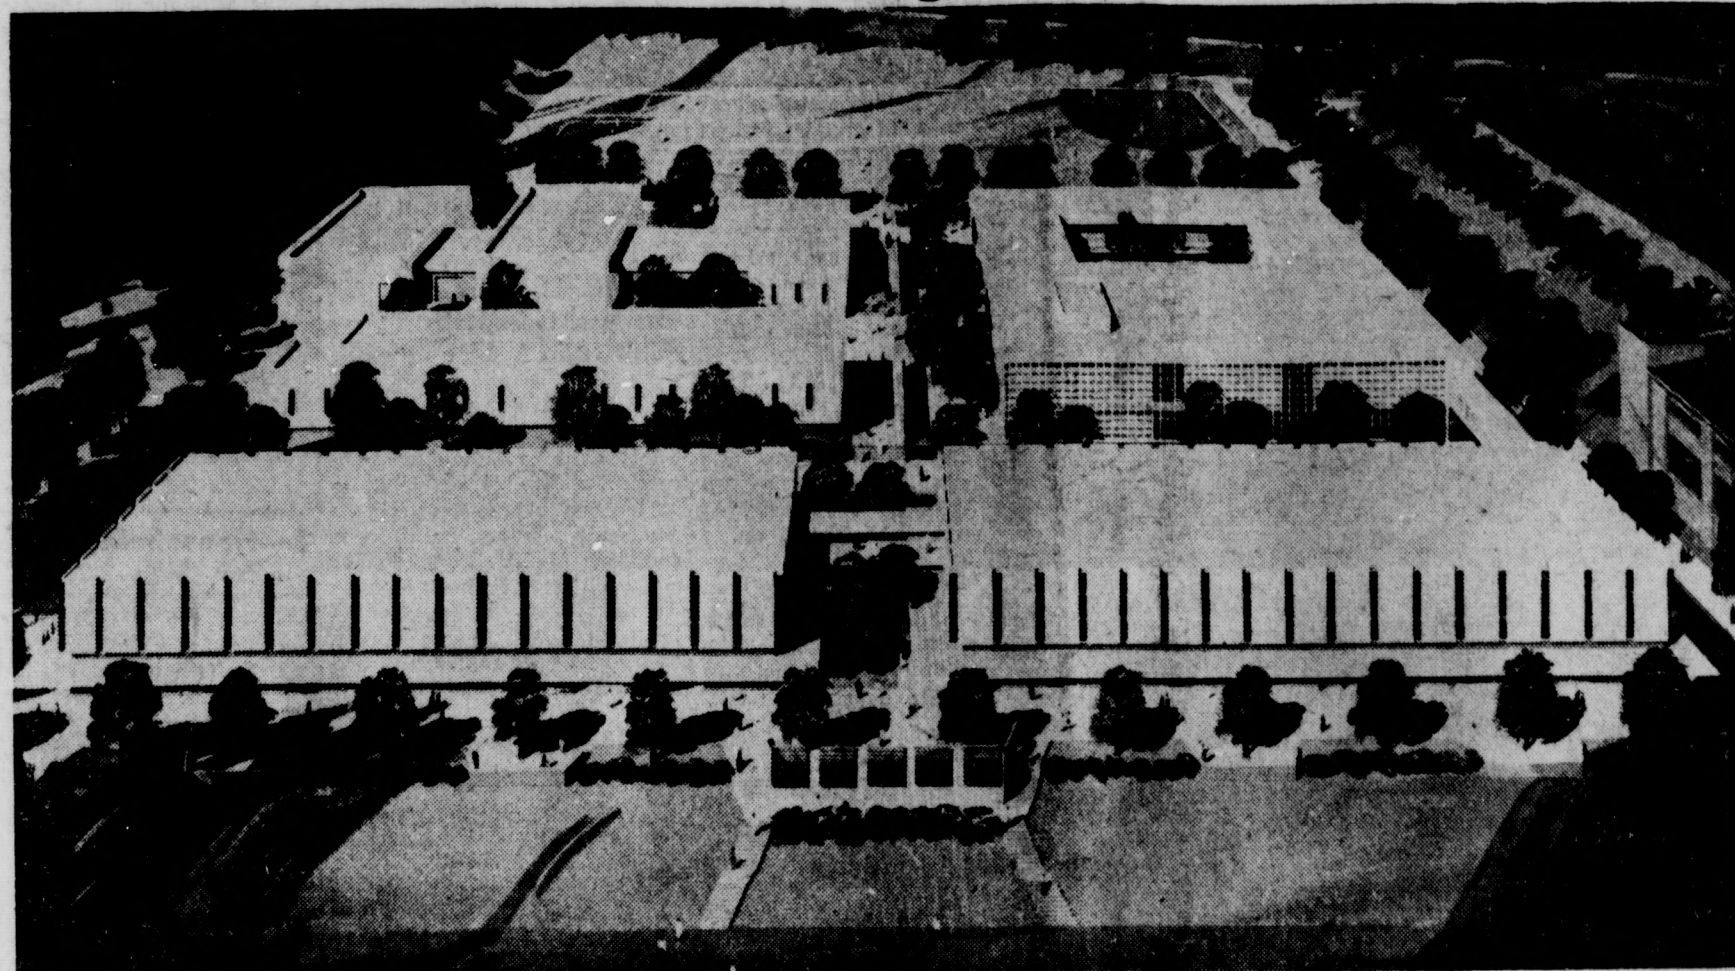

A 2½-months-old Westlake infant died of a respiratory ailment Monday night despite the frantic efforts of Daly City firemen with a resuscitator.

Pronounced dead at Junipero Serra hospital was Matthew Woodall, son of Robert Woodall, 102 Edgemont drive.

Firemen rushed to the home at 10 p.m. when the father notified them that the baby had stopped breathing. Battrn Chief Mel Hanson and his crew worked to revive the infant for 15 minutes, then police officer R. C. Sims and the firemen rushed the child to the hospital.

The victim's father said the baby had been ill "with some form of the flu" for several days.

'Modernized' Jefferson High Will Look Like This!

THIS is what Daly City's Jefferson High will look like when an almost \$1.8 million reconstruction project is completed—early in 1963. The gym will be renovated and the sub-standard

academic buildings are to be demolished once the new classrooms are finished. Jeff's capacity then will be 2000 students. The gym work will start this fall, followed by the major re-

construction beginning early in 1962. Mario Ciampi is designing the gym changes, while architects Falk and Booth have the larger task. Next Tuesday's school bond-state aid election

is vital to plans for a planned second increment to enlarge Jeff, as well as provide funds for more classrooms at the two high schools in Pacifica, Oceana in Sharp Park and Terra

Nova in Linda Mar. Double sessions at Westmoor will end this fall with the opening of Terra Nova for all Pacifica students. Oceana High is due to open in September of 1962.

THREE SCHOOL DISTRICTS AND 33,000 ELIGIBLE VOTERS

School Bonds-State Aid Approval Will Assure 'Necessary' Classrooms

More than 33,000 north county residents are eligible to vote in next Tuesday's critical school bond and state aid election—verdicts that will determine if the Jefferson Elementary, Jefferson High School, and Brisbane Elementary districts will be able to adequately accommodate enrollment expectations the next six years.

Trekking to the polls will be residents of Daly City, Colma, Pacifica, Bayshore and Brisbane. The polls will be open from 7 a.m. to 7 p.m.

Voters in Daly City and Colma, and Brisbane will receive two ballots. In DC and Colma they will decide on Jefferson Elementary's request for "yes" on \$2.8 million in local bonds and \$7 million in state aid, plus Jefferson High School District's plea for "yes" on \$4 million in local bonds, and a \$1.5 million state loan.

In Brisbane, voters will weigh the Jefferson High bond and loan requests and \$375,000

Association Pledges School Bond Support

Unanimous support of Jefferson School District bonds was pledged by the St. Francis Heights Improvement Association at its regular monthly business session last Friday at Daniel Webster School Auditorium.

Thomas F. Noonan, Association president, said solid backing could be expected from residents of St. Francis Heights at polls next Tuesday. Said Noonan, "most voters are fully aware of the desperate need for more classrooms to handle the burgeoning population growth in this area. We have two major obstacles to overcome at the February 7 election. One, public apathy and indifference. The other, the two-thirds plurality the school bond issue must receive if it is to successfully pass."

in local bonds and a \$900,000 state loan. The later Brisbane request would provide funds for a new elementary school to serve the new Southern Hills subdivision.

Pacifica and Bayshore voters will ballot on the Jefferson High School District bonds and state aid.

Backing "yes" on all of the school districts' requests is a citizens "Bonds for Building" Committee, headed by Westlake resident Robert Smice. More than 1400 citizens have

endorsed the bonds and state aid proposals.

In all cases, success depends on a two-thirds majority vote.

Smice's community chairmen, from the top aides on down to the block-by-block canvassers repeatedly have emphasized that "yes" votes on the bonds and state loans will not mean higher property taxes. At the same time they point out that "no" votes will not bring a reduction in tax rates.

Jefferson Elementary District is asking "yes" votes in

A Major Role

IN CHARGE of the massive block-by-block campaign for next Tuesday's crucial school bond election is Daly City housewife Mrs. Jack D. (Hap) White, 689 Templeton avenue.

Residents of Daly City-Colma, Pacifica, Bayshore and Brisbane will go to the polls to decide on local bonds and state aid.

Alternate Route Urged

ENGINEER AIDE TAKEN TO TASK BY WEST-SIDERS

Dispute over Daly City's eventual freeway lateral—linking Junipero Serra to Edgemar freeway—erupted again this week when a St. Francis Heights attorney leveled an attack on the San Francisco office of the Division of Highways, charging State Engineer J. P. Sinclair with "arbitrary" action in standing pat for the route adopted last year by the State Highway Commission.

The well-publicized tirade against Sinclair included charges that his office was on record for a lateral that would be more costly and detrimental to Daly City than an alternate lateral proposed by McKeon Corporation.

Issuing the blast at Sinclair was lawyer Edward O'Haire, spokesman for "a group of residents" who believe lateral route B, the one endorsed by the Daly City Council and adopted by the Highway Commission, is not the best by engineering and public welfare considerations. O'Haire's group, residents of St. Francis Heights and Westlake Knolls, submitted a map to the press media showing the route they contend is more logical, more direct and less expensive.

This route is called "A" and is approximately half a mile south of route B, the one already adopted by the state and ratified by the council.

O'Haire cited that in addition to the St. Francis Heights and Knolls residents, the board of trustees of Jefferson Elementary School District has asked the state to shift the lateral south of Christopher Columbus school, located between Skyline and St. Francis boulevards. This proposal, in effect, is identical to that urged by McKeon.

O'Haire's group feels by route A the state and motorists will save money, no Daly City land will be disturbed by the freeway, and school conveniences will be assured.

O'Haire claims Sinclair's B routing is 25 percent longer than A, would dislocate approximately 200 Daly City homeowners, and would take \$90,000 off Daly City's tax rolls. Route A, he maintains, would take only \$300 off the city's tax rolls, is just as safe concerning the earthquake susceptibility factor, and is cheaper to build. Besides these points, O'Haire stressed that route A would go on "entirely undeveloped property out of Daly City."

The Daly City Council's position, since adoption of the Junipero Serra and lateral routings by the state, is that any modifications of the lateral would have to be initiated by the State—not the city.

This Friday noon the publicity committee will meet at Westlake Joe's.

The entire celebration committee will convene again next Tuesday morning, February 7, at 7:30 a.m. in the banquet room of Westlake Bowl.

Daly City Celebration Committees Announce Two More Meetings

Plans for Daly City's 50th anniversary celebration moved along this week with the announcement of two more committee meetings by coordinators Chuck Vincent and Ramona Birke.

This Friday noon the publicity committee will meet at Westlake Joe's.

The entire celebration committee will convene again next Tuesday morning, February 7, at 7:30 a.m. in the banquet room of Westlake Bowl.

'LAWN FEUD' REPORT DUE

A report on Westlake Improvement Association's attempt to settle the lawn controversy involving homeowner Jack Klein, 97 Lake Forest drive, is due at next Monday's (February 6) monthly meeting of the board of directors.

WSIA president Emory Schoolcraft said the Association last month sent a letter to Klein's attorney, asking that the union official discuss the lawn problem with the WSIA's architectural committee.

Schoolcraft today said the Association has not received a reply from Klein's legal representative.

"We have been willing to talk this thing out in hope of reaching a mutually satisfactory decision," explained Schoolcraft.

Klein, however, last week told the newspaper he hadn't been officially contacted by the WSIA for a meeting with the architectural committee.

Monday's meeting starts at 8 p.m. at 95 South Mayfair avenue.

His Challenge Must Be Our Challenge!

In his state of the nation message this Monday, a youthful, energetic and forceful President accepted a challenge that few men have ever been asked to shoulder. He gave strong implications that this nation was in actual peril unless we all get busy and really do OUR share.

He painted a picture for 1961 that calls for a lot of good, strong thought and action on the part of all Americans. He stated that this year will not be an easy one—our state of economy is bad, we have too much unemployment, many bankruptcies, and then said that things would get worse before they get better. In other words, a message to all to tighten their belts, take more interest in government affairs and actually get down to "brass tacks" and build an America that is stronger and better in every way even if it does mean personal sacrifices.

He accepted this challenge in a firm, fearless manner. Now isn't it up to us to back him up on it? Of course it is! Every organization, every person in the United States, should let him know, by letter or by wire, that they too accept the challenge and likewise are not afraid of it.

Five Citizens At Subdivision Ordinance Meet

Daly City councilmen consumed three hours Monday night in a special meeting discussing the city's new subdivision ordinance.

Their audience amounted to five "interested" citizens in a community of 45,000.

City Manager Edward Frank said council-preferred changes in the ordinance will be inserted into the document, then a public hearing date would be designated.

Next Monday night, February 6, in another special study session the council will discuss the city's new zoning ordinance. Date of public hearing on this important document also should be forthcoming soon.

Council Schedule

Regular meetings of the Daly City council this month will be held on the nights of Tuesday, February 14, and Monday, February 27, at 75 Wellington avenue. February 13 is an official holiday, the day after Lincoln's birthday.

Facts On Income Tax

(A public service of the Society of California Accountants.)

Your charitable contributions are deductible up to 30% of your adjusted gross income provided that at least 10% is to churches, educational institutions or tax exempt hospitals. Otherwise your contributions are deductible up to 20% of your adjusted gross income.

Contributions, to be deductible for 1960, must have been paid in 1960. It is not enough to have pledged to contribute at a later date. Payment must have been made in 1960.

Payments in money or property are equally deductible. If a contribution was made in property, the amount of the deduction is the fair market value

of the property at the time the contribution was made.

All forms of property may be contributed—stocks and bonds, automobiles, furniture, fixtures, equipment, clothing, etc.

To be deductible your contributions must be to a religious, charitable, educational, scientific or literary organization; or an organization for the prevention of cruelty to children or animals, except when such organization is operated for personal profit or to conduct propaganda or attempt to influence legislation. Also deductible are gifts to fraternal organizations if they are to be used for charitable or religious purposes. Also deductible are gifts to nonprofit veterans organizations.

SESSION of Congress in Daly City? That's right. The recent "Model Senate" at Jefferson High found students like Ann Champion, Tom McEntee, Charlene Del Sarto and Sandy Calavano "articulating" just like the men in Washington, D.C. Mrs. John Mongan, wife of Jeff's principal, was in charge as "president of the Senate." Jeff High photo

Jeff High Students' Annual 'Model Senate' Demonstrates Maturity

Civil rights, foreign aid, and public morality were among the issues debated at the second annual Jefferson High School "Model Senate" meeting.

Students representing the actual members and policies in the United States Senate passed legislation that would have increased federal aid to education, expanded the foreign aid program, and increased civil rights guarantees.

The student legislators turned down a proposal by Senator Pat Thornton (Eastland of Mississippi) for a federal censorship program. Also rejected was a Republican proposal for a tax reform.

Senator Margee Duncan (Kuchel of California), student coordinator of the Senate and the Republican "whip," noted that the spirit of the debates was so hot that the embryonic politicians actually stayed an hour after school to finish legislation.

The Democrats were led by Sandy Calavano and Tom McEntee, while Bill Baird and Miss Duncan quarterbacked the Republicans.

Senator Calavano (Johnson of Texas) pointed out that many hours of after-school

preparation had gone into making the Senate a success. Assisting the party leaders were committee chairmen: Helen Neilson (civil rights), McEntee (foreign policy), Thornton (safety of public morals), and Ann Champion (federal aid to education).

Acting as parliamentarian was Mrs. John Mongan, who commented on the students' skillful use of Robert's Rules of Order.

Board of education members Lyle Ingersoll, Ann Eason and James Cooper were present at the Model Senate session, as were Mrs. Mendel Plinsky and Mrs. Joseph Kusber of the Jefferson High PTA.

Faculty advisers Julie Jansen and Rudie Tretten, of the social science and history departments, termed the Model Senate "a complete, unadulterated success."

Woodrow Wilson 4th Graders Tour Big Passenger Ship

Mrs. Betty DeBolt's fourth grade class at Woodrow Wilson School enjoyed a field trip to American Passenger Line at Pier 50. A guide led them on a complete tour of the company's 800-passenger ship, the President Woodrow Wilson. The class watched rice, bound for the Orient, loaded into the fifth cargo hold space.

The class continued to Aquatic Park for an excellent view of the bay, and lunched at the recreation area.

In the afternoon they visited the Maritime Museum, and were especially fascinated with the beautiful model ships and figureheads on the second floor.

On the return trip the bus circled San Francisco's Civic Center.

As a follow-up to their trip, the Daly City students made a mural of the San Francisco skyline.

GERTRUDE Kendree, wife of the Westlake Shopping Center manager, was appointed to the Daly City Library Commission last week. A pioneer resident of Westlake, Mrs. Kendree is a charter member of the Friends of the Library and has been instrumental in local cultural projects. The Kendrees reside at 80 Montrose avenue. Public Hearing Set By Personnel Board

Daly City's personnel board will meet at City Hall, Thursday, February 9, at 7 p.m. to hold public hearing on changes in rules and regulations, adoption of new duty statements, and amendments to the civil service ordinance.

The agenda includes the request of department heads for extending the probationary period for all employees to one year.

Lions' Annual Student Speakers Competition Scheduled March 1

The annual "Student Speaker Contest," sponsored by the Daly City-Colma Lions Club, will be held on March 1, president George Glass announced today.

Lion Elio Fontana, is in charge of the program. Teachers Rudie Tretten of Jefferson and Miss Mary Ann Holden of Westmoor will supervise the four participants.

PAT Thornton, assuming the role of Senator Eastland of Mississippi, played a prominent part in the recent "Model Senate" at Jefferson High. Thornton's plea for new censorship legislation drew much opposition. The students also simulated Congressional representatives in discussing federal aid to education, foreign policy, and civil rights legislation. Jeff High photo

It's News To Vets

Q—Are the families or close kin of veterans entitled to care and treatment at VA hospitals?

A—Congressional action has established VA hospitals for the care and treatment of service-connected veterans, primarily, and then, under certain conditions, for non-service-connected veterans. Families or close kin of veterans are not entitled to any of the benefits of VA hospitalization.

Q—I am still on active service and am being transferred to another section of the country. Since I must sell my GI-purchased home due to this move, may I have my VA entitlement to a new GI loan restored?

A—Only if VA is relieved of responsibility on your present mortgage. The purchaser of your home may assume the responsibility.

Q—In the event a veteran's widow remarries, she forfeits the pension payments she has been receiving. Does that mean

that the veteran's children under 18 also lose any financial benefits they were previously entitled to?

A—The children are still eligible for payments under certain restrictions of age, etc. Consult the nearest VA office for rates and other information.

Q—I am a veteran but I have never applied for any benefits under the Veterans Administration. Am I required to keep the VA notified of my change of address?

A—No veteran is required to get in touch with the VA at all. Certain benefits and privileges were established by Congress to help veterans following their return to civil life. You may be eligible for some of these but there is no requirement that you have to apply for or accept them. You might, for your own protection and that of your family, at least inquire into the nature of the right you still have. But you are not required to do so.

What Forms To Use In Filing Income Tax

Taxpayers having incomes up to \$10,000 may again use the simple card Form 1040A in filing their 1960 Federal income tax returns, Joseph M. Cullen, Director of Internal Revenue for the San Francisco District, said today.

Husband and wife may file a joint return on Form 1040A if their combined income is under \$10,000, he added.

Form 1040A, he said, applies to taxpayers whose income consists of wages reported on Form W-2, and not more than \$200 in dividends, interest and wages not subject to withholding. He added:

"In using Form 1040A, taxpayers must take the standard 10 percent deduction allowed for contributions, interest payments, medical expenses, and the like."

"As in past years, taxpayers with income under \$5,000 may figure their own tax or have Internal Revenue do it for them."

Cullen said taxpayers cannot use Form 1040A if they (1) claim status as "head of household" or "surviving spouse"; (2) claim credits for dividends received or retirement income; (3) claim exclusion for "sick pay"; (4) paid on estimated tax during the year; (5) claim travel, transportation or other expenses; (6) do not use the cash method; (7) are nonresident aliens; (8) are delinquent in filing their returns; (9) are subject to self-employment tax; or (10) itemize deductions, or if spouse itemizes deductions on a separate return.

Cullen said if the taxpayer computes his own tax and finds additional tax due, a check or money order, payable to "Internal Revenue Service," must accompany the return.

Taxpayers who have questions on this subject may get Document No. 5107, "Filing Your Tax Return," by calling or writing their local office, Cullen said.

"If you have other questions about your Federal income tax return, telephone your nearest Internal Revenue Office," he advised.

School Board Meetings Are Open To Public

The Jefferson Elementary School District will hold its Board of Trustees meeting February 6 at 8 p.m.

The public is welcome to attend.

Meetings are held the first and third Monday evening each month, in the Administration offices, upstairs at 48 Park Plaza, Westlake Shopping Center.

The topics discussed at these gatherings should be of concern to any member of the community who has an interest in developments within our local school system.

AROUND TOWN

By ROY HURLBERT

THE blessings of democracy, perhaps?

Over in Albany, the hilly community close by Berkeley, the lady mayor was removed from office via a recall election. She managed to muster over 2000 votes—but not enough to keep her job.

And down near San Jose, teachers in one "lively" district have been given the green light to participate (on one side or the other) in a recall action against the entire school board. Without fear of professional retaliation, that is.

NEW Daly City library commissioner, Mrs. Mayre Albert, 3 Royce Way, was hard to contact last week for background information on herself in line with the appointment. Her telephone was "out of order" every time we called.

DEEPEST sympathies to Police Officer Jim Bergstrom and his lovely wife on the death of their newborn baby.

RABBI Solomon Shore of DC's Congregation B'nai Israel is proud because his son, Larry, has been awarded a scholarship to study one year in Israel.

LOU LUCIA, former reporter for this newspaper, will waltz the wedding march this June. Now employed at Concord as a sports scribe, Lou's choice is Hayward resident Sandy Irwin, who works for the Oakland Board of Education.

FRESHMAN supervisor Jim Fitzgerald has taken over chairmanship of the county's civil defense program. He pledges more coordination with the cities and county "leadership" in this important field.

Fitzgerald's first commission appointment went to Daly City's Tom Noonan, the elementary school trustee and president of the St. Francis Heights Improvement Association. Noonan replaces High School Superintendent Ed Morgan on the county's Mental Health Advisory Board.

WILL South San Francisco annex Callan Park? Judging by recent statements of Industrial City councilmen, the annexation talks are completely serious. SSF officials want full control over the big tract because of school, sewage and drainage problems. If Callan Park remains unincorporated, these same problems will confront South San Francisco since Callan Park is a natural appendage to SSF's western boundary.

LOU LARCOMBE, Dutch Elston, Ann Eason, Bill O'Rourke and Ed Cavagnaro got a deserving pat on the back last week from councilmen for "superior" efforts as parks and recreation commissioners.

These people have done a commendable job as a conscientious advisory body for the city fathers.

REGARDLESS of how you feel about capital punishment, San Mateo County is assuming a tougher attitude toward those who commit murder.

Superior Court Judge Wayne Millington this week sentenced a Menlo Park cop slayer to death in the gas chamber. Last fall Superior Court Judge Frank Blum pronounced the same sentence for 19-year-old Alexander Robillard who shot to death a Hillsborough police officer.

These recent death sentences were the only ones in the entire county since 1900!

TV and Radio

By MONA BAKER

Chalk up two impressive firsts for television recently—the first "live" telecast of President John F. Kennedy's press conference and the first time the Inaugural Parade was in color.

Bouquets to KGO-TV and the ABC network for cancelling afternoon programs to bring the conference to us as it was in progress. Actually we felt as though "we were there" as history was being made watching President Kennedy answer the correspondents' questions. Certainly such coverage can help us to be better informed citizens and make our own interpretations on world questions.

To all networks and stations, bouquets for the excellent coverage of the inauguration which was certainly fine public service. Heightening the "I was there" feeling was the color-cast of the Inaugural Parade by NBC. The brilliant uniforms of marching bands, colorful floats with lovely girls in stark contrast to the white of the snow and the grey capital buildings glistening in the sunshine. Color definitely adds a third dimension to television, bringing depth and making the whole telecast much more lifelike. NBC's coverage was provided by a staff of 200 using 39 cameras.

On the subject of President Kennedy's news conferences, KQED announced this week that they will be airing the regularly scheduled conferences on a delayed basis each week. They will be scheduled on either Thursday or Friday nights depending on what time each Wednesday the event is carried. Other new programs on Channel 9 include "Two for Physics" which begins this Friday at 7:30p.m. Also premiering on Friday the excellent television series of master classes featuring the distinguished musician Pablo Casals (three weekly showings on Wed. and Fri.).

COMING PROGRAMS: Post 1950 first run Warner Brother movies over KTVU's "Premiere" (Sun. & Mon.) include "The Rebel Without a Cause," "A Star is Born" and "Hondo." Channel 2 has announced that the first film in the series "The High and the Mighty" achieved new highs in motion picture rating.

Premiering this week over KPIX, a new religious series titled "Fact of the World" (Sun. 10:30am). Produced by WBC, the program series will feature a different approach to religious programming.

'Please Make Room For Us'

CONFIDENCE in the future is reflected in the faces of these Daly City youngsters, who have as much reason as anyone to hope for passage of the local school bond issue February 7.

They are standing at the site of the M. Pauline Brown Elementary School, now under construction. Left to right, Katie Battaglia, 4, daughter of Mrs. Nancy Battaglia, 74 Garwood

Camp Fire Girls Open Mint Candy Sales On Friday

"M" Day is Friday, February 3, for hundreds of local Camp Fire Girls, their junior Blue Bird sisters and senior Horizon Club sisters, as they enthusiastically ring neighbor's doorbells on the opening day of the annual Camp Fire Girls Candy Sale in San Mateo county.

Dressed in colorful service costume, the cute young ladies are toting red, white and blue mint kits—each loaded with six boxes of the traditional chocolate-covered Camp Fire mints, available only during this special sale.

The Camp Fire Girls are currently celebrating fifty years of offering American girls activities which fulfill its Law—"Worship God, seek beauty, give service, pursue knowledge, be trustworthy, hold on to health, glorify work and be happy."

Open to all girls from seven years through high school age, the main purpose of the Camp Fire Girls is to perpetuate the spiritual ideals of the home and to stimulate and aid in the forming of good habits for health and character.

Support for the local youth organization comes largely from funds received from the United Crusade of San Mateo county. However, as is true with many growing youth organizations, additional funds are needed to support the day camps, resident camps and to

supplement the general operating budget.

Goals in the annual sale, which continues through February 22, are 25,000 of the \$1 boxes of the traditional chocolate-covered Camp Fire mints.

TICKETS STILL AVAILABLE FOR NURSERY TOUR

Reservations can still be made for the tour of the Podesta Baldocchi nursery at 2525 California street, San Francisco, planned by the YWCA of North San Mateo County in cooperation with the Daly City Garden Club. Set for Wednesday February 8 from 10:30 to 1 p.m. there is a special bus for those who don't have transportation. It will leave the Westlake Bowl at 10 a.m. sharp. The round trip ride will cost \$1.25 with the price of the tour set for \$1.

It is important to make these reservations immediately as there is a limit to the number of people that can attend. Tickets can be obtained from the YWCA office at 375 South Mayfair, Westlake.

Olympia Tot's Visit Fleishhacker Zoo

WESTLAKE CATHOLIC WOMEN'S 'SHIBUI' SHOW THOROUGHLY ENJOYED BY 1200 PATRONS

"Essence of Shibui," the theme of the fashion show and luncheon held the 21st of January by the Westlake Catholic Women, was definitely displayed by the models, decorations, menu, and by the fashionable crowd of ladies.

"Shibui" is a Japanese word meaning "Deep Beauty," the very best in good taste without being ostentatious. Again this year, approximately 1200 women were dressed in their spring finery to witness this seventh annual event, held at the Fairmont Hotel, for the benefit of Our Lady of Mercy Parish in Westlake.

Mrs. Milton Reiterman, chairman of the day, was indeed a busy lady. In addition to coordinating the extensive preparation that went into making the event such a smooth and enjoyable one, she took over the commentator duties in the Gold Room. With her daughter, Laurel Ann, her mother, Mrs. Victor Martinotti, and her grandmother, Mrs. A. Diechmann present to enjoy the re-

sults of the capable Mrs. Reiterman's efforts, four generations of the family were represented.

Assisting Mrs. Reiterman as co-chairman was Mrs. John Loof, who was seated at the speakers' table. Mrs. Loof's guests, seated at a nearby table, were Westlake Catholic Women members Mrs. James Walsh, Mrs. Rubin Fuhrman, Mrs. Robert Chase, and former W.C.W. member, Mrs. George Sikol of the East Bay. Also at the speakers' table were the Rev. Father Richard P. Power, pastor of Our Lady of Mercy Church; the Rev. Father Timothy Monahan, assistant pastor; Mrs. John Cresalia, president of the Westlake Catholic Women; outstanding Catholic laywoman, Mrs. John J. Murray; and Miss Mary J. O'Farrell, president of the San Francisco County Council of the National Council of Catholic Women.

President, Mrs. Cresalia, welcomed all the guests and turned the program over to Mrs. Reiterman, who in turn, requested Father Power to speak to the attendance. At a table close to the speakers' table, Mrs. Cresalia entertained her mother-in-law, Mrs. John P. Cresalia, her aunt, Miss Mary Dinnene, and W.C.W. members, Mrs. Neil Heard, Mrs. James Murphy, Mrs. Joseph Scannell, and other friends.

Mrs. John Fox, housekeeper at Our Lady of Mercy Rectory, entertained a group of friends at her table by the runway. They included her sister, Mrs. Delphin Pichon, Mrs. C. Parry, Mrs. Dan Dolan, Mrs. John O'Brien, and Mrs. C. Hutchins. Father Monahan's mother, Mrs. Timothy Monahan, was also hostess to a group of her friends. Mrs. William Rowe, membership chairman of the National Council of Catholic Women, had as her guests a group of dignitaries from this organization.

After making certain that all the guests were in their designated places, reservations chairman Mrs. Frank Burns relaxed at her table where her neighbors and members of the Westlake Catholic Women were seated. They included Mrs. Donald Gordon and Mrs. William Creegan, both chairmen of the luncheon-fashion show in past years. Others were Mrs. Rod Page, Mrs. Fred Arnke, Mrs. George Drakulich and Mrs. Francis Boselli. Mrs. Burns also hosted another table of friends from San Francisco. Mrs. Lloyd Madigan, co-chairman of reservations, had a short while to spend with her mother-in-law, Mrs. A. Perrazzo and other

friends before retiring to help prepare the models.

After supplying each table with favors—an interesting assortment of wooden chop sticks, Japanese fortune matches, and sequined butterflies in the oriental mood—candy and cigarettes in the occidental mood—hostess and favors chairman Mrs. Al Fambirini and Mrs. Vincent Alberti still had to oversee their group of 35 hostesses. Finally, Mrs. Fambirini joined Mrs. Lucy Ward, Mrs. Arthur Blum, Mrs. Ray Forcina, W.C.W. member, at Mrs. Alberti's table were Mrs. George Boisson, Mrs. Walter Banchi of W.C.W., and Peggy Cavanaugh, sister of Mrs. Dale Johnson, one of the models.

Mrs. George Quiros, program chairman, welcomed her daughter, Maryanne, Mrs. Armando Carrara and Mrs. Warren Price, W.C.W. members, Joanne Price, Mrs. Frank Blum and others at her table once she and her co-chairman were assured that each guest had a program with information pertaining to the afternoon. These programs were of vivid oriental colors, donated by Japan Airlines, through the efforts of the Panorama Travel Service in Westlake. Mrs. Quiros's co-chairman was Mrs. Paul Churchwell, who sat with members of the women's group, Mrs. Paul Neagle, Mrs. William Kenney, and other friends.

Secretary of the fashion show committee, Mrs. Dino Tonelli, sat with a group of neighbors and Westlake Catholic Women members, Mrs. John Bennett, Mrs. Jack McKenna, Mrs. Stanley Galli, Mrs. James Woulfe and Mrs. Guido Tripaldi.

Two of the hardest working chairmen, Mrs. James Murray and Mrs. Rubin Fuhrman, were in charge of the decorations. Their hours of hard work were rewarded with many "oohs" and "aahs" when the clever centerpieces were first seen. These were Japanese dolls, beautifully dressed, carrying parasols, and standing near a bridge and oriental garden, and all were quickly purchased by the guests for their own. These clever women were also responsible for the pagoda-type Japanese archways under which the models approached the runways. Mrs. Murray welcomed some friends from the Peninsula and Mrs. Angelo Carmassi of the W.C.W. Mrs. Fuhrman joined her guests at her table where she shared hostess honors with Mrs. Loof, co-chairman of the day.

The list of door prizes was a long and very interesting one, which sent approximately 27 women home with an extra

remembrance of the afternoon. Door prize chairmen Mrs. Rod Nessler and Mrs. Julio Figueroa, had very little time to sit with their guests, who included Mrs. Leo Stout and Mrs. Emmett Bush, W.C.W. members at Mrs. Nessler's table, and Mrs. Gerald Bonomi and Mrs. Earl Kasabian, members of the women's group and other friends from San Francisco at Mrs. Figueroa's table.

Behind the scenes with the models, chairmen Mrs. Robert Markey and Mrs. Ernest Cookston spent a full afternoon attending to all the little details that go into making a successful fashion show. With the help of Mrs. Lloyd Madigan, Mrs. Francis Burke and Mrs. Joseph Crowley, from the W.C.W., they had the 21 models from the parish looking like professionals on the runway. Their poise and charm was most obvious, especially in the four girls representing the teenagers of Our Lady of Mercy, who are members of Our Lady's High School Sodality. Mrs. Markey's guests, her mother, Mrs. Edna Noble, her sister, Mrs. James Vicknair, Mrs. Ann Tunis from Glendale, and W.C.W. member Mrs. Charles Edelman and her daughter, Betty, enjoyed the show, although they had only fleeting glimpses of their busy hostess.

Mrs. Cookston also had a large table of guests from far and wide. They were her mother, Mrs. John LaBarbera, her daughter, Lynne, Mrs. Howard Bean, owner of the Casual-Aire Shops, an aunt and cousin all the way from San Jose, cousins and friends from the East Bay, and friends from Marin County.

Investment chairmen Mrs. Robert Hunter and Mrs. Donald Morin had very little time to do anything but be sure all the tickets were in before the awards were given out, so they substituted "counting" for "entertaining" this year. The total was most important since all proceeds from the investment and other sources benefit the Building Fund of Our Lady of Mercy Parish. Winners of the Investment awards were as follows: first prize—a \$250 merchandise order to H. Liebes went to Mrs. Phillip Fraher, a Westlake Catholic Women member; second award—a mink boa scarf was won by Mrs. John Loof, co-chairman of the afternoon; third prize—a Samsonite bridge table and four chairs was awarded to Mrs. M. Ruggiero of Westlake.

H. Liebes again provided many eye-catching fashions for the models to wear. The ever-popular color for Spring wear, navy blue, was very much in evidence this year. Also, the vivid and brilliant shades of pink to lilac, raspberry, oranges and reds are currently fashionable, and served to compliment the oriental theme of the afternoon. The finale to the fashion parade was a series of ensembles in a range of "zing pink," with the tour-de-force being five dynasty robes, brocade in elegant shades. A new feature this year was the use of four hostesses attired in

'Not The Easiest Job But It's Most Rewarding

It may not be one of the easiest jobs in the world, but it is one of the most rewarding.

It brings the satisfaction that only the knowledge that one has done the best to save someone's life can bring.

That is the gratification experienced by the hard-working corps of volunteers who work for the San Mateo County branch of the American Cancer Society.

Theirs is the task of promoting the work of ACS in sponsoring educational and fund drives—and more volunteers are urgently needed.

Mrs. Alyce West, executive director of the society, today emphasized, "We need more help this year than ever before because our county has grown tremendously over the past five years and we must contact more people in a wider territory."

It is a wonderful thing to meet and to know the dedicated men and women who take on the big job for the Cancer Society. If each of us can do a little—it won't be a big job for anyone, but the big overall task confronting us will be successfully accomplished."

Anyone interested in doing volunteer work is asked to telephone or contact the American Cancer Society county headquarters at 320 Third avenue in San Mateo.

authentic Japanese dress, to assist the models on and off the runways. They were Mrs. Jack Smith and Mrs. Frank Verducci in the Gold Room, and Mrs. Edward Molkenbuh Jr. and Mrs. Joseph Hamblin in the Venetian Room.

Commenting in the Venetian Room was Mrs. James Duryea. Her guests were seated at Mrs. Harvey Christensen's table nearby.

Before the fashions were shown, the parishoners and their guests enjoyed a delicious luncheon prepared by the Fairmont Hotel. The menu was: celestial consommé with floating moons; imperial salad with breast of turkey, fancily garnished; sweet sayonara shrewbert roll with crushed strawberry sauce, coffee or tea.

Adding to the festivities, Walter Tolleson and his orchestra provided the music for the show, wearing oriental costumes. The models' hair was styled by Don's Beauty Salon in San Francisco, and make-up applied by Beauty Counselors, Inc. Francis Boselli of Don Bosco studio photographed each model in her H. Liebes creations.

The afternoon was a complete success, and the thoughts of the Westlake Catholic Women members now turn to "Shibui" to "rummage," in preparation for their annual rummage sale, to be held in March.

'DAD'S NIGHT' GALA AFFAIR

Colma K-6 and Colma Intermediate held "Dad's Night" on Thursday, January 26. The meeting was opened by president Ed Maita at 7:30 p.m. Cub Pack 244 led the salute to the flag. Mr. McDonald gave the spiritual thought, entitled "Midstream," by Helen Keller.

Mrs. Nin Sasubi, recreational secretary, read the minutes. The treasurer's report was read by Mrs. Mickey Cardozo, while Mrs. Emily Martinez reported on the status of the books. The 40 standing rules were presented by Don Leshar, parliamentarian.

Mrs. Helen Risso, ways and means chairman, submitted her report of the last ice cream sale, which netted \$32.67. She also told those present of a rag drive scheduled for March 23, calling for a collection of cottons and woolsens.

The following were selected for the nominating committee: Mesdames Henrietta Tomasello, Nin Sanubi, Nancy Mini, Lee Leshar and Gerry Vickers, with Mrs. Cody and Mrs. McDonald as alternate members.

Richard Foster, Jefferson Elementary School District superintendent, enlightened us on the School Bond issue for elementary and high schools, and urged everyone to vote Tuesday, February 7.

Following an exhilarating talk to fathers by vice president Eugene Camous, Mrs. Norma Maita introduced John MacDougall of the San Francisco School of Fencing. A graceful demonstration of fencing by two boys showing competitive scoring was enjoyed, as well as the art of self protection, or Judo, as demonstrated by Mr. Brewer and two of his students.

Mrs. Inez Baldassarre announced that the attendance banner for the month was won by Mrs. Diamond's 2nd grade and Dr. Thompson's 7th grade.

Mrs. Lydia Petersen, hospitality chairman, informed us that the hostesses were the 7th grade mothers who served hot dogs, potato chips and coffee. The meeting amounted to a real "Dad's treat" for everyone.

EMPHASIS on heart research in the Heart Fund objectives this month (February) is learned by Daly City volunteer area chairmen assisting Mrs. J. B. Wiener, Heart Sunday city chairman for Daly City and Colma. Mrs. Don M. Davis (right) of Hillsborough, member of the board of directors,

San Mateo County Heart Association, said that "through an acceleration of heart research, possible through generous contributions by the public during February, our number one health enemy will be conquered with the foreseeable future." From left to right: Mesdames George Kerska, C. R.

Waterson and John Harris. Back, Mesdames Mary Merino, Hubert Coll, Tenney Campbell, John Scanlon, Esther Janssen, Standing, Mesdames A. W. Reynolds and J. B. Wiener. Other area chairmen not in picture: Mesdames Harry Bloom, G. Busetto, F. T. Kitt and A. Cubillo.

Heart Fund Under Way Here Month Gets

February Heart Fund month starts today (Wednesday, February 1) in Westlake, Daly City and Colma.

Untiringly, Mrs. J. B. Wiener, Fire Chief Elmer Kennedy of Daly City and Police Chief Ray Savage of Colma have been recruiting volunteer workers for the Heart Sunday and Heart-Days for Business campaigns.

"The Heart Sunday campaign will start on February 22 and conclude Sunday, February 26, with 800 volunteers calling on every resident in Westlake, Daly City and Colma," said Mrs. Wiener.

Chief Kennedy said that the Heart-Days for Business campaign will begin on February 14, when all firms and businesses will be contacted by volunteer men and women.

Mrs. Wiener noted that "the San Mateo County Heart Association also contributes to Daly City in many other ways—through educational pamphlets on all phases of heart disease, nutrition menus, physical therapy for home-bound heart patients, loan of sick-room equipment, professional education for Daly City physicians and nurses, and teaching aids for schools."

Jeff High PTA Planning 36th Annual Reunion

The 36th anniversary party of Jefferson High School's PTA promises to be an event to remember.

Two years ago, Miss Ada Wood, Dean of Women at Jefferson High, was honored, and last year, trustee Lyle Ingersoll was the recipient of this high honor which is yearly bestowed on an outstanding person who has contributed to the welfare and betterment of the youth in the community.

All friends and alumni of Jefferson High are invited to attend this get-together. There will be a birthday cake and other refreshments.

Ben Franklin Scooter-Trekkers Appearing Before PTA Feb. 7

The Pan-American Educational Study Group will make its first public appearance on February 7, at the annual Founders Day Program of the Benjamin Franklin PTA, commencing at 8 p.m. The public is invited and children may attend if accompanied by parents.

A pre-expedition film has been prepared by the group which introduces the teachers-members in school settings, and training procedures. In addition to the film, various phases of the planning goals and objectives of the expedition will be discussed.

The P.A.E.S.G. consists of five Benjamin Franklin School Teachers scheduled to make a three month expedition by motor scooter from Fairbanks, Alaska to Panama City, for purposes of cultural, educational and scientific exchange.

To date the organization and progress of the group has been impressive. Several television

stations plans to have film clips of the expedition on news programs, and have indicated interest in the reports the expedition will gather and present on return. A large professional magazine will feature an article in May concerning the trip. The U. S. Department of State has commended and endorsed the group. U. S. Senator Clare Engle has contacted the group and stated he is looking into the possibility of Military Air Transportation.

Many notable personages and organizations have contacted the group to express interest, approval or commendation. A few of these are Mayor George Christopher, Mrs. Eleanor Roosevelt, the San Francisco Chamber of Commerce, the Administrative Staff of President Kennedy, the California Teacher's Assn., and American Seating Company.

The group has been invited to discuss TV program possibilities with the program director, Mr. Walt Harris of Station KTVU, Channel 2, and an appointment has been set up for this purpose.

The group is now scheduling pre-expedition programs for special service groups, firms and interested organizations giving details of the planned expedition. There is no fee to the organization for this service and the only restriction is that a member of the organization or the organization itself be an honorary (sponsor) member of the Pan American Educational Study Group.

In addition to the pre-expedition programs the group will present "achievement" films and lectures at the conclusion of the expedition on the same basis as outlined above.

Members of the expedition are: Messrs. Carl Hunter, Paris Simmons, Robert Daugherty, Frank Rameriz and Eldon Rowe.

The group has been invited to discuss TV program possibilities with the program director, Mr. Walt Harris of Station KTVU, Channel 2, and an appointment has been set up for this purpose.

Those planning the event are: Mesdames Mary Nolan, Mary Cardinal, Lorraine Donner and Ethel Miller, invitation committee; Mesdames Carmel Payton, Kathy Gill, Jeneane Lovelade, Janis McCarthy, Barbara Hirsch and Francine Anderson, decorations committee; and on the publicity committee, Mesdames Carol Barton and Marjorie Tenney.

Parents Hear Third Graders Tell Results Of Health Studies

Thirty parents of children in Mrs. Carol Staudacher's third grade class at the Abraham Lincoln School were guests of the class in the school multi-use room on Tuesday, January 24. The occasion was highlighted by the presentation of final activities of the class in a health unit in which food, diet, and good grooming were studied.

The program included all children in this third grade. The host was John Harrison, the announcer Doug Kapovich. Short talks were given by Janet Goheen on the well-groomed person, and by Carlos Alarcon on the poorly groomed person. A choral speaking number entitled, "Let Us Get Acquainted With Food," was presented by Carolyn Adler, Michael Bossier, Steven Cohn, Jenny Connor, Mike Green, Kurt Heider, Pamela Huff, Corinne Langner, Garry Marcus, Deirdre McClelland, Michele Monte, Margaret Putnam, Greg Pearl, Debora Shapiro, Paul Smirich, Bobby Smith, Laura Talmadge, Stephen Wahler, Steven Wool, Jay Speck, Richard Goldstein, and Karsen Gould. Coordinated with the speaking number was a display of the different categories of foods by children in costumes. Those representing the different categories were: Jeffrey Tepper, meat; Glenda Rowe, vegetables; Jeanette Kahl, fruit; Diane Porter, milk; and Olivia Anderson, bread. Those responsible for the designing and making of the costumes were Jeanette Kahl, Jenny Connor, Corinne Longner, and Michele Monte.

A vacancy on the Central Committee, created by the death of Marion Kent, was filled by the appointment of William J. Keller of Hillsborough, who has been serving as an ex-officio member and chairman of the publicity committee. Harold F. Taggart of San Mateo was named an honorary life member, an honor held previously by Kent.

The Sisterhood's next regular membership meeting is on February 14.

Other business included the approval of salary for employing a person trained in youth work and parish visitation.

The car lighter, according to the National Automobile Club, is one of the largest users of electricity among the electrical items on your car.

THESE Daly City firemen aren't cutting "doggie-doors" in the wall here. They're showing how certain machine tools can be used to provide fire-fighters quick and convenient access to a burning building. With the chain saw, Dale Chell, center, illustrates how an isolated section of wall may be removed permitting insertion of a fire hose, by cutting through a stud in the building's framework. The machine, reports battalion chief Mel Hanson, right, helps cut repair and insurance costs substantially, and limits the use of more traditional and destructive tools, such as the axe displayed by John Castagnola, left.

The Chinese Indeed Are Lucky: They Celebrate New Year's Twice

Americans of Chinese descent could have twice as happy a New Year as the rest of us. For they have two New Year Days to celebrate—the one we observed on January 1 and the Chinese New Year that dates back to antiquity.

Thus, if the first New Year got off to a bad start, they can start all over again.

Further, New Year's Day is everybody's birthday by Chinese custom. Which is another reason why the New Year possibly is considered the most important holiday of the year by Chinese all over the world.

The Chinese New Year falls on February 15 in this, the Year of the Ox, and begins the Chinese year 4659. The Chinese New Year always is on the 23rd day of the 12th moon of the old calendar.

This is reckoned by the lunar calendar which also has 12 months. However, some of the of the Rancho Buri Buri; thence along the northerly line of said 42.77 acre Parcel, South 79° 30' West 462.00 feet; North 63° 30' West 838.20 feet and South 66° 15' West 777.48 feet to the northwesterly corner thereof, and a point in the northeasterly line of the aforesaid 94.91 acre Parcel of land partitioned to John Brooks, in said Decree of Distribution of the Rancho Buri Buri; thence along the northeasterly and northwesterly line of said 94.91 acre Parcel, South 66° 0' West 328.96 feet; North 83° 0' West 256.63 feet; North 55° 30' West 380.16 feet; South 89° 30' West 999.90 feet; North 57° 45' West 410.69 feet and that certain 42.77 acre Parcel partitioned to A. months have only 29 days, others 30. So, since each year was short about 10 days, an extra month is added about every third year.

The New Year celebration, which includes feasting and colorful pageantry, customarily

KENNETH A. CHANDLER, electronics technician third class, left last week to rejoin his ship, the Destroyer Leader U.S.S. John S. McCain, after spending 30 days leave with his mother, Mrs. Winnie Chandler of 72 Thiers street, Daly City. Chandler, a former student at Jefferson High School, paid a visit to the Navy Recruiting Office at 6705 Mission street, where he enlisted. He told the recruiters that during the 30 months he has been in the Navy he has spent almost 12 months in Navy schools learning the fundamentals of electronics.

starts in the kitchen. The Kitchen God, a brightly colored paper image that hangs on the chimney of a Chinese home, is taken down and burned in the yard. On it are the words, "May my rice never burn."

The Kitchen God, you see, carries the report at the end of the year to the ancestors on the family's behavior and events during the year. He ascends to heaven by means of a tiny paper ladder which is burned with the image.

For seven days, his place on the chimney is left vacant. Then a new one is put up. During the interval the house receives a thorough cleaning. On the last day of the 12th moon, members of the family spend hours scrubbing themselves clean. Food is prepared for the New Year and for several days following when there may be many guests.

Nothing can be prepared on New Year's Day. According to tradition, no knives, scissors or choppers may be used.

One important duty which no Chinese who values his reputation will neglect comes on New Year's Eve. Everyone settles his debts. He may borrow the money back the next day, but the accounts have been cleared for the passing year to avoid bad luck.

Typically, a Chinese family spends New Year's Day at home, dressed in its best. To be other than immaculately groomed, or to see your doctor also portends bad luck. First respect is paid to parents, grand parents and ancestor tablets. The rest of the day is spent in feasting. Exploding firecrackers add to the celebrations.

It's their way of saying "Gung Hay Fet toy"—Happy New Year.

SSF Guardsman Helps Douse Fire Aboard Icebreaker

Robert Steadman, electrician's mate fireman, son of Mr. and Mrs. George A. Steadman of 334 Altaloma drive, South San Francisco, helped combat a fire last month aboard the Coast Guard icebreaker USS Eastwind while participating in Operation Deep Freeze '61 in the Antarctic.

Operation Deep Freeze is a scientific research program conducted by 12 nations in the ice-covered South Polar region. Damage control and fire-

fighting drills held regularly aboard the Eastwind, paid off when a fire broke out in the icebreaker. The fire apparently started in a storeroom and spread to an adjoining compartment.

Within minutes following the alarm, officers and men were at their fire stations battling their way to the area through thick, heavy smoke. The firefighters, wearing oxygen breathing masks, poured hundreds of gallons of water into the fire for almost two hours

before bringing it under control.

No serious injuries or casualties occurred although several men were overcome by the smoke. Full extent of the damage could not be learned until an investigation was held.

The Eastwind proceeded to New Zealand the next day to refuel and take on supplies.

Sewards Day is observed in Alaska March 30, on the anniversary of the acquisition of Alaska from Russia in 1867.

She Saves Money!

By shopping the pages of the Westlake Times—Daly City Shopping News, Mrs. Housewife (and her spouse, too, of course) can plan her week's shopping by simply turning the pages of her favorite weekly newspaper. And she can do her "buying" from over 350 classified and display ads appearing each week... covering every "commodity" from ironing to groceries. Consumers shop the pages of the Westlake Times—Daly City Shopping News because they know that's where the top stores and services place their advertising messages. These favorite newspapers carry more retail advertising (including food) than any other weekly in Northern San Mateo county. And, besides real cash savings, the Westlake Times—Daly City Shopping News offers the kind of news and picture coverage that makes you want to read every page. It's news about your community that you won't find ANYWHERE else.

The Key That Opens The Door To 34,500 Homes...

(And Eager, Qualified Buyers In Every One)

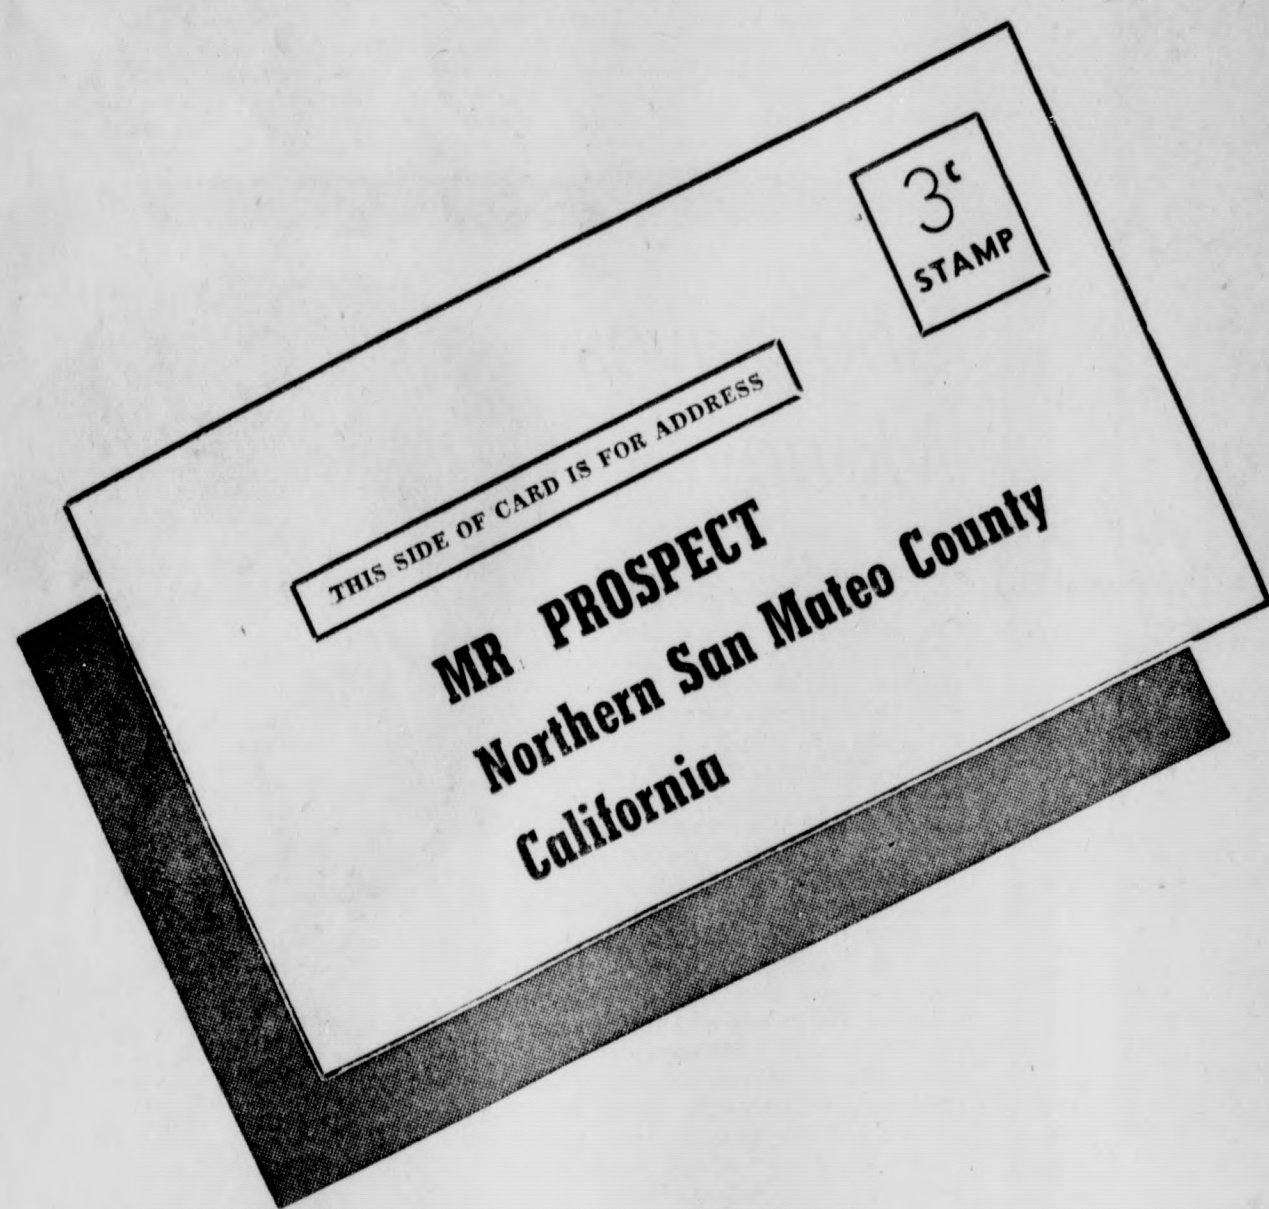

WESTLAKE TIMES DALY CITY SHOPPING NEWS

He Makes Money!

Northern San Mateo County merchants have been building sales and profits for years by advertising in the area's finest media—Westlake Times—Daly City Shopping News. Where else can a merchant find the key that opens the door to 34,500 homes every week, at less cost than any other media in the area? It makes good business sense to a merchant to place his message before 140,000 prospective buyers in newspapers that are read cover to cover. The merchant knows, for example, that his cost to print and distribute 34,500 of his own advertising leaflets each week for an 8-inch by 10-inch message would cost a minimum of \$525 a week, and readership would be doubtful. He knows he can buy that amount of space in the Westlake Times—Daly City Shopping News for less than \$80, and be assured maximum reader exposure to his message—and more important—immediate reader reaction to his sales message. Hundreds of merchants know this to be true. You're missing out on sales if you haven't yet used the most dynamic media in your trading area—the Westlake Times—Daly City Shopping News.

QUIZ FOR ADVERTISERS

COST ANALYSIS

POSTAL CARD. The old "penny postal" today costs you three times as much — 3c. \$920 for postage alone to send a very brief message to 34,000 names. Cost of engravings, printing, addressing, compiling or buying a mailing list, delivery to the post office, other expenses, could easily double or triple that figure, bringing your cost to as high as \$2000 for one message.

A LETTER. Here your costs are even higher — \$1360 for postage alone if you mail first class. Individually typed letters would be prohibitive in cost; the expense of a form letter would include cost of the paper, mimeographing or printing, addressing, enclosing and excessive handling expense in addition to postage. Your cost to reach each family would run 10c or more, for a total of \$3400.

ADVERTISING BROCHURE. Your message in type and pictures would cost at least as much as a letter, probably considerably more. A conservative estimate would be \$2800 — and could run to much more, depending on size, use of color, etc.

A TIMES-SHOPPING NEWS ADVERTISEMENT.* for \$920---the cost of 34,000 postal cards---you can present your message in the Times-Shopping News more than 18 straight weeks, in a space 2 columns by 11 inches (three times the size of a postal). No mailing, addressing, printing expenses to send your sales message into 34,000 homes. And your art work is free if you take advantage of our Senior Metro Service.

Or you could run TWO full pages in the Times-Shopping News for \$655.20 and still have \$264 left over for other promotional purposes. Imagine the impact of a "double truck" ad reaching 34,000 homes (and think of the contrast between a two-page ad and a 5" x 4" postal).

And you could run a two-color "double truck" ad, and still easily stay within the \$920 that 34,000 postals would cost you.

CONCLUSION: To cover Northern San Mateo County with your advertising message on the doorstep of EVERY one of its 34,000 homes, take advantage of these outstanding media today!

Q. How can you effectively and economically present a selling message to 34,000 Northern San Mateo county families? CHECK ONE.

1. POSTAL CARD... 2. LETTER... 3. ADVERTISING FOLDER...

A WESTLAKE TIMES-DALY CITY SHOPPING NEWS ADVERTISEMENT...

A. A Times-Shopping News advertisement, by an astounding margin.

Westlake Times — Daly City Shopping News

*And, by the way—your column inch rate to reach 34,000 homes is far lower than ANY OTHER weekly media in the area.

(Example: Pacifica Tribune—16c per inch per thousand homes reached; SSF Enterprise Journal—9c per inch per thousand homes reached; Times-Shopping News—6.2c per inch per thousand homes reached).

Beat Mills, Westmoor

Indian Cagers Roll On With Two More Wins

Jefferson High's varsity cagers established a Peninsula League scoring record Wednesday last week, routing Mills, 80-44, and then Friday night downed stubborn Westmoor, 58-45, to keep the Indians right on the heels of unbeaten Capuchino.

This week the Indians (4-1) host San Mateo (3-2), and travel to battle South City (1-4), the latter a night game this Friday.

Westmoor, which lost Wednesday last week to San Mateo, 61-57, in overtime, despite 23 points by Barry Krohn, meets Capuchino, this Wednesday, and Mills down there Friday evening. The Rams are winless in five league games.

Molossi, Jeff's top ace, sat out the romp over Mills with a fractured finger. But Mills was no match for Mike Orlich's "hot" seniors. Sonny Stoller set the pace with 16 points.

'Divoteers Open' Golf Meet Set For Silverado

The third annual "Divoteers Open," a golf tourney for Daly City and Colma men, is set for February 22, Washington's Birthday, at the Silverado Country Club near Napa.

In charge of reservations is Peter Markovich. About 80 entries can be accommodated on a first come, first served basis. The cost is \$15 and covers food, course fees and awards.

The day-long activity will start with breakfast at Westlake Bowl at 7:30 o'clock. The bus will leave from there an hour later.

Bobby With had 14 and Hiram Sibley contributed 12.

Orlich didn't start Molossi against Westmoor, but Gary got the call midway in the first quarter. The Rams led 15-10 entering the second period, but then Jeff's balance and drive began to pay dividends. The Tribe was ahead at the intermission, 28-24, and at the end of the third quarter, 43-33.

Molossi was high against Westmoor with 19 points. Terry Christman led the Rams with 14. With had 12 for the victors.

Westmoor's lightweights raced past Jeff's 130-pounders, 57-39 as junior Harry Brown, gunning for All-Peninsula honors, bucketed 22 points. Brown had 14 points when the Rams lost Wednesday last week to class San Mateo, 45-30.

Rich Warne's Indian 30's lost to Mills last week, 44-40. Mike Schultz led Jeff in that one with 14 points. George Claus and Jim Carmazza had 9 apiece. Against Westmoor, Claus was high pointer with 11 points.

The yearly growth of a fish is virtually unlimited, according to the National Automobile Club.

The major factor affecting growth is the productivity of the water in which the fish lives.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

First week leaders in the first annual Westlake Handicap Doubles are Bill Sargis and Art Pira, with a 1298 total, which entitles them to the weekly prize of \$25.

Since the Tournament, which is open to both men and women, will continue until February 26, the lead is expected to change hands many times. There are \$70 in weekly prizes plus many special prizes. Additional details concerning the Tournament may be found on page 11 of today's tabloid section.

One of the features of Daly City's 50th Anniversary Celebration will be the crowning of a Bowling King and Queen as winners of the bowling tournament during the week of October 7-14.

The second YWCA-sponsored Westmoor High School Bowling League is now underway with eleven teams of four members each in competition. Trophies for the winners of the last league will be presented at the next athletic assembly at Westmoor. Recent competition at the Westlake Bowl found two teams from Jefferson High bowling for the unofficial school title.

Two triplicates were bowled last week. Jim Jolly Jr., bowling with his dad in the Sunday morning Father and Son League, registered three games of identical 112 scores, while Myrtle Grassel in the Thursday afternoon Westlake Keglerettes League scored 166 in each of her three games.

Next Monday at 1:15 p.m., the Powder Puff Derby for February will be held. This has become a twice-a-month feature for the lady bowlers of the area with a trophy and three prizes being awarded for the high handicap series, high scratch game and for the most pins bowled over average.

Salute To Scouts At DC Rotary Meet; Pappy Waldorf Next

February 7 to 13 is the Boy Scouts 50th anniversary week. Daly City Rotary Club observed the milestone by having as guest speaker on Wednesday Jack Hurt, long-time Boy Scout representative.

Next week, on February 8, Rotarian Edward Frank's invited guest speaker will be Lyn (Pappy) Waldorf, former University of California coach and presently the main talent scout for the San Francisco 49ers.

The Rotarians today will pay tribute to member Warren Gabrielli, attorney who has moved his offices to San Francisco.

tion, a free beginners' class is held every Monday at 10 a.m.

Glen Nash, of the Westlake Jewelers and San Francisco Realty teams, accomplished an unusual feat last week as they bowled two 600 series in a single night. Bowling 600 even in the 6:15 league, he came charging back in the 9 o'clock league with a 615 series. His high games were 244 and 226.

The bowlers of the future are rapidly taking their place in the community. The latest group to make their parents sit up and take notice of their bowling ability is composed of boys and girls nine years of age and under, the group meets on Saturday mornings at 10:30 at Westlake Bowl. Junior coach Bob Sexton reports that there are already nine teams of four members each, with more expected. Some Pertinent Data On Social Security

Q.—Am I entitled to draw any more social security on my late husband's account? At the time he died, nine years ago, they paid me a lump sum of \$200. I'm unable to work now, but if I could, would this keep me from drawing on my husband's social security? I'm 64 years old.

A.—We'll answer your first

question first. Yes, if you received a death payment at the time your husband died, you would be eligible to receive widow's social security checks now, since you're over retirement age. However, you mention in your letter that you have worked in the past, but are not working now. If you're receiving your social security—and if it's higher than what you could be getting as a widow—you wouldn't be able to get additional payments. And, of course, should you work and make over the allowable amount during a year, you wouldn't be eligible for checks—regardless of the type of payment (widow's or on your own account) you are receiving.

Q.—I would like a little information about the social security I'm receiving on my late husband's account. I took mine when I reached age 62. However, I was told that I would have to accept less than my husband's full amount. Am I eligible for the full amount now or should I have waited until I reached age 65?

A.—A widow does not receive the same amount as her husband was receiving or could have received. She gets three-fourths of that amount. And she gets this amount at age 62—she doesn't have to wait until she's 65. So, although it's true that you're not getting as much as your husband was receiving, you are getting the "full amount" of the widow's payment, and waiting until age 65 would not have given you a higher amount.

Q.—Is an employer told when an employee applies for social security benefits? I work part time and would like to file for social security and still keep on working and making the amount permitted, but I don't want my employer to know that I'm old enough for social security because I think he might let me go.

A.—All the information that you give social security is strictly confidential—and this includes the fact that you've filed for social security. Although social security usually does contact employers to obtain statements of earnings so that a person may get the highest social security payment possible, this will not be done if the individual requests that his employer not be contacted. So, if you don't want your employer contacted, you simply say so, and your wishes will be respected.

Q.—I haven't been able to work since 1949 because of illness, but I just found out that I could get social security disability payments. What I'd like

to know is this: I'm 52 years old now and I understand that I could have received these checks since I was 50. Will social security go back and pay me for the two years I've lost?
